Instrument Rating (10 Days or Less)

Our Complete Instrument Rating Course is an upscale program designed to immerse the private pilot into a dedicated complete instrument training program. Our training focuses on single pilot operations and scenario based training with opportunities to experience, during training, real IFR flying from the very beginning.

Course Prerequisites

- FAA Instrument Written Test Passed
- Current US Passport or US Birth Certificate
- Pilot Certificate & US Third Class Medical
- 25 hours PIC Cross Country Time Logged
- Current Flight Review Logged

Train the way you fly—fly the way you train!
